

Help improve health care
access for people with disabilities

HEALTH CARE ACCESS STUDY

You may qualify if you are:

- o A person with a disability*.
- o At least 18 years old.
- o Have needed health care within the last 12 months.
- o Live in Alaska, Idaho, Oregon, or Washington.

What:

- o The Americans with Disabilities Act (ADA) sets out guidelines for health care access for people with disabilities or functional limitations due to health conditions or aging.
- o This study aims to capture experiences in accessing health care as it relates to the ADA.
- o Participants will be asked to complete a short eligibility screening questionnaire.
- o The full survey asks about participant's demographics and their experiences in accessing health care.
- o This is a one-time survey that can be completed online, over the phone, or on a paper survey.
- o Participants will be eligible for a drawing of \$50 Amazon eGift cards.

Why:

- o The ADA is over 25 years old but barriers still remain. The goal of this research is to find out where those barriers exist and ways of improving access.

How:

- o Participate online by going directly to: <http://nwadacenter.org/study>
- o Participate over the phone or via paper survey by calling or emailing: 866-495-7015 or adastudy@uw.edu.

*Disabilities can include any difficulty you are experiencing due to health conditions or aging, such as having difficulty seeing, hearing, communicating, thinking or walking.
